# MESSAGE FROM THE CHANCELLOR UNIVERSITY OF WOLLONGONG

May I welcome all of you to this presentation ceremony for graduates from the University of Wollongong. We are proud that this graduation is held in collaboration with Singapore Institute of Management.

The achievements of those graduating today add to the growing reputation of the University of Wollongong, not only in Singapore and Australia, but also throughout the world. Since its foundation, the University of Wollongong has built an international reputation for world-class research and exceptional teaching quality.

The University was ranked in the top 1% of universities in the world by performance in the QS World University Rankings 2024 and ranks 30th in the world in the Times Higher Education Young University Rankings 2023.

We are also proud to consistently rank among the top 200 universities in the world for the quality of our graduates.

As new graduates you now become part of UOW's own proud history and join an alumni network of over 185,000. Graduation marks the conclusion of this stage of your association with the University but it is the commencement of your lifelong membership of a community of UOW alumni. I encourage you to maintain a continuing relationship with your fellow graduates, and the University, through the Alumni Association.

For nearly 900 years universities have educated and trained the leaders of society and produced ideas and instruments of great social change. We expect that our graduates will continue this contribution and play a leading role in their community. Our investment in universities is justified by the richness which higher education can bring to graduates' lives and, through them, to the growth and well-being of many others in society.

The University wishes you every success and fulfilment in your future careers and in your future learning. We hope that your experience of university life and the knowledge and skills you have gained along the way will help you to play a full and active role in your chosen field or profession and in the wider community.

# MESSAGE FROM THE CHANCELLOR UNIVERSITY OF WOLLONGONG

Many people at this ceremony today have given their support, encouragement and guidance to you during your studies and I am pleased that they are here to share in this occasion. I thank you also for your contribution to the success that we are here to celebrate.

May I again extend my very best wishes to the graduands for a happy and memorable graduation day.

**Mr Michael Still**

Chancellor

# ABOUT THE UNIVERSITY OF WOLLONGONG

The University of Wollongong (UOW) has become a benchmark for Australia's new generation of universities. It is ranked among the best 20 modern universities in the world\* and has built a reputation as an enterprising institution, with a multi-disciplinary approach to research and a personalised approach to teaching. UOW offers over 330 degree programs across both undergraduate and postgraduate levels to more than 35,000 students around the world.

We work with academic and industry partners to solve the world's most challenging problems, from food security and economic turmoil to climate change and disease. UOW's 185,000 alumni are also making their mark on the world as leaders in business, IT, engineering, the arts, science, medical science, law, education and more.

The University's strong international outlook is demonstrated by partnerships with peers, industry, government and community-based organisations around the world. The University delivers its world-class degrees to students in Singapore, the People's Republic of China, Hong Kong S.A.R. and the United Arab Emirates. Within Australia, in addition to our Wollongong campus, the University has three campuses in Greater Sydney and four regional campuses across the state of New South Wales.

# ABOUT SIM

The Singapore Institute of Management (SIM) is one of the region's leading education and lifelong learning institutions, recognised for empowering individuals and enterprises to thrive across life stages through learning. Seeded by the Singapore Economic Development Board in 1964, SIM has been leading in the development of work and industry skills for Singapore's growth for 60 years.

Through harnessing new knowledge, skills and technology, SIM provides skills-based learning experiences that enable students, professionals, and enterprises to Learn for Life and Thrive for Life.

SIM achieves this through SIM Global Education (SIM GE) and SIM Academy. SIM GE focuses on higher education pathways and SIM Academy focuses on Professional Development and Enterprise Solutions for career transitions and advancements, and integrated learning solutions for enterprises.

As SIM commemorates its 60th anniversary this year, SIM remains dedicated to lifelong learning, ensuring that individuals and organisations have the necessary tools and knowledge to succeed in an ever-changing world.

## SIM GLOBAL EDUCATION

SIM Global Education (SIM GE) is a leading private education institution in the region. We offer more than 140 academic programmes ranging from diplomas and graduate diploma programmes, to Bachelor's and Master's degree programmes with some of the world's most reputable universities from Australia, Europe, United Kingdom and the United States. SIM GE's cohort is made up of 16,000 full and part-time students and adult learners, of which approximately 30% are international students hailing from over 50 countries.

SIM GE's holistic learning approach and culturally diverse learning environment aim to equip students with knowledge, industry skills and competencies, as well as a global perspective to succeed in a fast-changing, technologically driven world.
